SUBJECT INDEX

- 19-nortestosterone detection in canine plasma after intramuscular administration of 19-nortestosterone phenylpropionate 399
- α 2-macroglobulin in the horse, Immunohistochemical localisation of 393
- Acetpromazine and xylazine in the scimitar horned oryx (*Oryx dammah*), Physiological effects of etorphine 78
- Actinomyces pyogenes* by neutrophils in vitro, Specific antibody in milk whey and phagocytosis of 253
- Actions of bovine skin washings and sera on the motile zoospores of *Dermatophilus congolensis* 241
- Acute phase response in calves following infection with *Pasteurella haemolytica*, *Ostertagia ostertagi* and endotoxin administration 203
- Adrenocorticotrophic hormone in cats, Comparative effects of progesterone and megestrol acetate on basal plasma glucose concentrations and cortisol responses to exogenous 374
- African trypanosomiasis on plasma cortisol and thyroxine concentration in goats, Effect of 315
- Alcelaphine herpesvirus-1 (AHV-1) in hamsters experimentally infected with AHV-1 and the 'sheep-associated' agent of malignant catarrhal fever, Antibody to 383
- Allopurinol in experimental endotoxin shock in horses, Effects of 178
- Anaemia in chickens, Erythrocytopenia in phenylhydrazine induced acute 136
- Angiocardiology in the normal dog: equilibrium studies, Radionuclide 333
- Angiocardiology in the normal dog: first-pass studies, Radionuclide 327
- Antibody production by the pig colon during infection with *Treponema hyodysenteriae* 263
- Antibody to alcelaphine herpesvirus-1 (AHV-1) in hamsters experimentally infected with AHV-1 and the 'sheep-associated' agent of malignant catarrhal fever 383
- Babesia bovis* parasites in stationary and suspension cultures and their use in experimental vaccination of cattle, Growth of 309
- Biochemical and haematological evidence of endotoxic shock in gnotobiotic lambs with watery mouth disease 119
- Biochemical changes in the jejunal mucosa of dogs with exocrine pancreatic insufficiency following pancreatic duct ligation 338
- Blood and muscle metabolic responses to draught work of varying intensity and duration in horses 102
- Bordetella bronchiseptica* and toxigenic *Pasteurella multocida* in atrophic rhinitis of pigs, Interactions between 48
- Bromosulphthalein and indocyanine green elimination from plasma, and urinary bromosulphthalein excretion, in normal cats 97
- Calcium fluxes across the wall of the ovine reticulorumen in vivo 404
- Calicivirus, Sites of persistence of feline 367
- Carbadox, olaquinox and cyadox on aldosterone, sodium and potassium plasma levels in weaned pigs, Comparative study of the effect of 11
- Cardiovascular effects recorded in horses during anaesthesia after treatment with trichlorfon 164
- Catarrhal fever, Isolation and characterisation of lymphoblastoid cells from cattle and deer affected with 'sheep-associated' malignant 90
- Cefoperazone given by the intravenous and intramuscular routes to unweaned calves, Pharmacokinetics of single doses of 158
- Changes in the collodiaphyseal angle with growth in the fowl (*Gallus domesticus*) 402
- Collagen fibrils in the sheep incisor periodontium, Effects of inflammatory periodontal disease ('broken mouth') on the ultrastructure of 148
- Collodiaphyseal angle with growth in the fowl (*Gallus domesticus*), Changes in the 402
- Comparative effects of progesterone and megestrol acetate on basal plasma glucose concentrations and cortisol responses to exogenous and adrenocorticotrophic hormone in cats 374
- Comparative efficacy of four vaccines against *Salmonella virchow* in chicks in India 280
- Comparative study of sheep and buffalo isolates of *Fasciola gigantica* in the intermediate host *Lymnaea auricularia* 273
- Comparative study of the effect of carbadox, olaquinox and cyadox on aldosterone, sodium and potassium plasma levels in weaned pigs 11
- Comparison of methods for the sampling and isolation of toxigenic *Pasteurella multocida* from the nasal cavity of pigs 355
- Comparison of the exotoxins of four strains of *Corynebacterium pseudotuberculosis* 190
- Comparison of three methods of thiamine supplementation by measurement of urinary thiamine excretion in sheep 225
- Coronavirus, Pathogenicity of experimental infection with 'pneumotropic' porcine 23

- Corynebacterium pseudotuberculosis*, Comparison of the exotoxins of four strains of 190
- Culicoides*, Intradermal challenge of Icelandic horses with extracts of four species of the genus 283
- Cyadox on aldosterone, sodium and potassium plasma levels in weaned pigs, Comparative study of the effect of carbadox, olaquinoxid and 11
- Cytoecetes phagocytophila* infection in *Ixodes ricinus*, An electron microscopic study of 30
- Dermatophilus congolensis*, Actions of bovine skin washings and sera on the motile zoospores of 241
- Detection of leptospires in pig kidney using DNA hybridisation 134
- DNA hybridisation, Detection of leptospires in pig kidney using 134
- Draught work of varying intensity and duration in horses, Blood and muscle responses to 102
- Effect of a new macrolide antibiotic (tilmicosin) on pneumonia experimentally induced in calves by *Mycoplasma bovis* and *Pasteurella haemolytica* 84
- Effect of African trypanosomiasis on plasma cortisol and thyroxine concentration in goats 315
- Effect of an antimuscarinic drug on the plasma pepsinogen of sheep infected with *Ostertagia circumcincta* 203
- Effect of vaccination on cell populations in lung washes from calves after infection with respiratory syncytial virus 231
- Effects of age and diet on small intestine structure and function in gnotobiotic piglets 387
- Effects of allopurinol in experimental endotoxin shock in horses 178
- Effects of dietary change and rotavirus infection on small intestinal structure and function in gnotobiotic piglets 219
- Effects of inflammatory periodontal disease ('broken mouth') on the ultrastructure of collagen fibrils in the sheep incisor periodontium 148
- Effects of misoprostol and omeprazole on basal gastric pH and free acid content in horses 350
- Effects of posture and anaesthesia on the distribution of pulmonary perfusion and lung configuration in beagle dogs 359
- Effects of transient, corrected ovine maternal hypocalcaemia on neonatal endocrine and metabolic function 54
- Eimeria tenella* to anticoccidial drugs in the chicken, Sensitivity of field isolates of 125
- Electron microscopic study of *Cytoecetes phagocytophila* infection in *Ixodes ricinus* 30
- Endotoxin shock in horses, Effects of allopurinol in experimental 178
- Enzymatic profiles of *Erysipelothrix rhusiopathiae* and *Erysipelothrix tonsillae* 275
- Erysipelothrix rhusiopathiae* and *Erysipelothrix tonsillae*, Enzymatic profiles of 275
- Erysipelothrix tonsillae*, Enzymatic profiles of *Erysipelothrix rhusiopathiae* and 275
- Erythrophagocytosis in phenylhydrazine induced acute anaemia in chickens 136
- Escherichia coli* and *Mycoplasma gallisepticum*, Evaluation of the efficacy of chlortetracycline for the control of chronic respiratory disease caused by 377
- Escherichia coli* endotoxin and corticosteroids, Haematological changes in buffalo calves inoculated with 305
- Etorphine, acepromazine and xylazine in the scimitar horned oryx (*Oryx dammah*), Physiological effects of 78
- Evaluation of bovine antibody responses to haemorrhagic septicaemia vaccine 277
- Evaluation of the efficacy of chlortetracycline for the control of chronic respiratory disease caused by *Escherichia coli* and *Mycoplasma gallisepticum* 377
- Evolution of vaccines for bovine pneumonic pasteurellosis, The 1
- Experimental *Pasteurella multocida* pneumonia in calves 185
- Expression of a pseudocapsule by *Staphylococcus aureus*: influence of cultural conditions and relevance to mastitis 152
- Fasciola gigantica* in the intermediate host *Lymnaea auricularia*, Comparative study of sheep and buffalo isolates of 273
- Flunixin in equine serum, Improved TLC method for the detection of 406
- Growth of *Babesia bovis* parasites in stationary and suspension cultures and their use in experimental vaccination of cattle 309
- Growth rate in limb bones of the domestic fowl (*Gallus domesticus*), Patterns of cell proliferation and 139
- Haematological changes in buffalo calves inoculated with *Escherichia coli* endotoxin and corticosteroids 305
- Haemonchus contortus* after six years of levamisole usage, Lack of reversion of a benzimidazole resistant strain of 270
- Haemorrhagic septicaemia vaccine, Evaluation of bovine antibody responses to 277
- Harderian glands in resistance against *Mycoplasma gallisepticum* challenge, Role of 323
- Hypocalcaemia on neonatal endocrine and metabolic function, Effects of transient, corrected ovine maternal 54
- Immunisation of cattle against theileriosis in Coast Province, Kenya: laboratory evaluation of a *Theileria parva parva* stabilate for use in 'infection and treatment' immunisation in the field 170
- Immunocytochemical diagnosis of skin tumours of the dog with special reference to undifferentiated types 129
- Immunohistochemical localisation of $\alpha 2$ -macroglobulin in the horse 393
- Improved TLC method for the detection of flunixin in equine serum, An 406
- Indocyanine green elimination from plasma, and urinary bromosulphthalein excretion, in normal cats, Bromosulphthalein and 97
- Influence of selenium status in merino weaners on resistance to trichostrongyle infection 319

- Interactions between *Bordetella bronchiseptica* and toxigenic *Pasteurella multocida* in atrophic rhinitis of pigs 48
- Interference between drug-resistant and drug-sensitive stocks of *Trypanosoma congolense* in goats 75
- Intracellular electrolytes and water analysis in dystrophic canine muscles 17
- Intradermal challenge of Icelandic horses with extracts of four species of the genus *Culicoides* 283
- Isolation and characterisation of lymphoblastoid cells from cattle and deer affected with 'sheep-associated' malignant catarrhal fever 90
- Ixodes ricinus*, An electron microscopic study of *Cytoecetes phagocytophila* infection in 30
- Jejunal mucosa of dogs with exocrine pancreatic insufficiency following pancreatic duct ligation, Biochemical changes in the 338
- Lack of reversion of a benzimidazole resistant strain of *Haemonchus contortus* after six years of levamisole usage 270
- Leptospires in pig kidney using DNA hybridisation, Detection of 134
- Lymphoblastoid cells from cattle and deer affected with 'sheep-associated' malignant catarrhal fever, Isolation and characterisation of 90
- Malignant catarrhal fever, Isolation and characterisation of lymphoblastoid cells from cattle and deer affected with 'sheep-associated' 90
- Mechanisms of platelet destruction in immune-mediated thrombocytopenia: in vitro studies with canine platelets exposed to heterologous and isologous antiplatelet antibodies 288
- Megestrol acetate on basal plasma glucose concentrations and cortisol responses to exogenous adrenocorticotrophic hormone in cats, Comparative effects of proligestone and 374
- Misoprostol and omeprazole on basal gastric pH and free acid content in horses, Effects of 350
- Morphological study of chronic *Staphylococcus aureus* mastitis in the lactating bovine mammary gland 247
- Muscles, Intracellular electrolytes and water analysis in dystrophic canine muscles 17
- Mycoplasma bovis* and *Pasteurella haemolytica*, Effect of a new macrolide antibiotic (tilmicosin) on pneumonia experimentally induced in calves by 84
- Mycoplasma gallisepticum*, Evaluation of the efficacy of chlortetracycline for the control of chronic respiratory disease caused by *Escherichia coli* and 377
- Mycoplasma gallisepticum* challenge, Role of Harderian glands in resistance against 323
- Oesophagogastric parakeratosis in the growing pig: effects of the physical form of barley-based diets and added fibre 60
- Oesophagogastric parakeratosis in the growing pig: some effects of finely ground barley diets, genotype and previous husbandry, Rate of development of 68
- Olaquinox and cyadox on aldosterone, sodium and potassium plasma levels in weaned pigs, Comparative study of the effect of carbadox 11
- Omeprazole on basal gastric pH and free acid content in horses, Effects of misoprostol and 350
- Oryx dammah*, Physiological effects of etorphine, acepromazine and xylazine in the scimitar horned oryx 78
- Ostertagia circumcincta*, Effect of an antimuscarinic drug on the plasma pepsinogen of sheep infected with 203
- Ostertagia ostertagi* and endotoxin administration, Acute phase response in calves following infection with *Pasteurella haemolytica* 203
- Ostertagia ostertagi* infection in the calf: effects of a trickle challenge on the hormonal control of digestive and metabolic function 299
- Pancreatic insufficiency following pancreatic duct ligation, Biochemical changes in the jejunal mucosa of dogs with exocrine 338
- Pasteurella haemolytica*, Effect of a new macrolide antibiotic (tilmicosin) on pneumonia experimentally induced in calves by *Mycoplasma bovis* and 84
- Pasteurella haemolytica*, *Ostertagia ostertagi* and endotoxin administration, Acute phase response in calves following infection with 203
- Pasteurella multocida* from the nasal cavity of pigs, Comparison of methods for the sampling and isolation of toxigenic 355
- Pasteurella multocida* in atrophic rhinitis of pigs, Interactions between *Bordetella bronchiseptica* and toxigenic 48
- Pasteurella multocida* pneumonia in calves, Experimental 185
- Pasteurellosis, The evolution of vaccines for bovine pneumonic 1
- Pathogenicity of experimental infection with 'pneumotropic' porcine coronavirus 23
- Patterns of cell proliferation and growth rate in limb bones of the domestic fowl (*Gallus domesticus*) 139
- Periodontal disease ('broken mouth') on the ultrastructure of collagen fibrils in the sheep incisor periodontium, Effects of inflammatory 148
- Pharmacokinetics of single doses of cefoperazone given by the intravenous and intramuscular routes to unweaned calves 158
- Phenylhydrazine induced acute anaemia in chickens, Erythrophagocytosis in 34
- Physiological effects of etorphine, acepromazine and xylazine in the scimitar horned oryx (*Oryx dammah*) 78
- Platelet destruction in immune-mediated thrombocytopenia: in vitro studies with canine platelets exposed to heterologous and isologous antiplatelet antibodies, Mechanisms of 288
- Proligestone and megestrol acetate on basal plasma glucose concentrations and cortisol responses to exogenous adrenocorticotrophic hormone in cats, Comparative effects of 374
- Pulmonary perfusion and lung configuration in beagle dogs, Effects of posture and anaesthesia on the distribution of 359
- RNA in pig faeces, Viruses with bisegmented double-stranded 397

- Radionuclide angiocardigraphy in the normal dog: equilibrium studies 333
- Radionuclide angiocardigraphy in the normal dog: first-pass studies 327
- Rate of development of oesophagogastric parakeratosis in the growing pig: some effects of finely ground barley diets, genotype and previous husbandry 60
- Respiratory syncytial virus, Effect of vaccination on cell populations in lung washes from calves after infection with 231
- Responses to sprint exercise in the greyhound: effects on haematology, serum biochemistry and muscle metabolites 212
- Reticulorumen in vivo, Calcium fluxes across the wall of the ovine 404
- Retinal vascular patterns in domestic animals 34
- Role of Harderian glands in resistance against *Mycoplasma gallisepticum* challenge 323
- Rotavirus infection on small intestinal structure and function in gnotobiotic piglets, Effects of dietary change and 219
- Salmonella virchow* in chicks in India, Comparative efficacy of four vaccines against 280
- Selenium status in merino weaners on resistance to trichostrongyle infection, Influence of 319
- Sensitisation of pruruminant calves and piglets to antigenic protein in early weaning diets: control of the systemic antibody responses 257
- Sensitivity of field isolates of *Eimeria tenella* to anticoccidial drugs in the chicken 125
- 'Simultaneous' urethral pressure profilometry: variations in intravesical pressure with respiration 117
- 'Simultaneous' urethral pressure profilometry in the bitch: methodology and reproducibility of the technique 110
- Sites of persistence of feline calicivirus 367
- Skin tumours of the dog with special reference to undifferentiated types, Immunocytochemical diagnosis of 129
- Small intestinal structure and function in gnotobiotic piglets, Effects of age and diet on 387
- Specific and shared antigenic components of *Taenia saginata* oncospheres 236
- Specific antibody in milk whey and phagocytosis of *Actinomyces pyogenes* by neutrophils in vitro 253
- Sprint exercise in the greyhound: effects on haematology, serum biochemistry and muscle metabolites, Responses to 212
- Staphylococcus aureus*: influence of cultural conditions and relevance to mastitis, Expression of a pseudocapsule by 152
- Staphylococcus aureus* mastitis in the lactating bovine mammary gland, Morphological study of chronic 247
- Subcutaneously implanted tissue chambers: a pathophysiological study 195
- Taenia saginata* oncospheres, Specific and shared antigenic components of 236
- Theileria parva parva* stabilate for use in 'infection and treatment' immunisation in the field, Immunisation of cattle against theileriosis in Coast Province, Kenya: laboratory evaluation of a 170
- Thiamine supplementation by measurement of urinary thiamine excretion in sheep, Comparison of three methods of 225
- Thyroxine concentration in goats, Effect of African trypanosomiasis on plasma cortisol and 315
- Thrombocytopenia: in vitro studies with canine platelets exposed to heterologous and isologous antiplatelet antibodies, Mechanisms of platelet destruction in immune-mediated thrombocytopenia 288
